Special Instructions

- Coaches, if your athletes cannot complete 3200 meters in under 15 minutes, please enter them in JV Stage 1 and JV Stage 2.
- All athletes will receive official chip timing that will be uploaded to MileSplit. In order to stay on schedule, we will “close” the timing system after 20 minutes for JV Stage 1 and JV Stage 2 and after 15 minutes for all other stages. Coaches will need to hand time and record any runners who do not finish by this cut off.
- No team tents allowed on the infield. A designated area for each team will be set up in an adjacent parking lot, close to the starting line.
- Coaches, please tell your families that admissions will be collected as vehicles drive in. Fees will be \$4 for adults and \$2 for students. Children under 6, athletes and coaches are free.
- Team busses will need to drop athletes off and park at a designated area (location: TBA).
- There is a large playground adjacent to the meadow where the races will be held. We do not have the playground reserved, so please keep your athletes out of the playground area.
- Each team will receive two (2) coaches meal vouchers in the team packets on race day. Each voucher is good for one Chic-fil-A biscuit and a coffee or water (while supplies last).
