SCHEDULE OF EVENTS: We will stay as close to the schedule as possible. It is necessary to make sure that your track athletes know where to go and what they are running.

CHECKING IN FOR FIELD EVENT: Athletes will check in at the site of the field event. If they are doing multiple field events, make sure they let the event judge know. High Jump takes precedence over all field events. When they are done with high jump, they can then report to the other field event. If you are an event judge and you have an athlete participating in another field event, then you can go ahead and run that event. When the athlete shows up from his or her other event, then you can run that athlete in a 2nd flight.

CHECKING IN FOR RUNNING EVENT: Make sure when the runner hears 1st call they must check in to the control tent to get their lane number. By the 3rd call they must report to the clerk of course. From the clerk of course they will be sent to the track for their event.

ENTERING AND EXITING TRACK: All participants will enter and exit the track on the far end near football fieldhouse.

TEAM LOCATION: There will be no teams allowed to set up in the infield. The infield will only be used for warm-ups. The teams can set up tents outside of the fence. Signs will be placed for each team's designated spot.
